

Instructions for IWFM v4.0 Workshop

1. ***MS Windows operating system:*** The executables for IWFM v4.0 are created for Windows based computers. Please bring a Windows based laptop to the workshop. However, be advised that IWFM executables, pre- and post-processors are never tested on Windows 8 OS; Windows XP or Windows 7 OS is preferred for this workshop.
2. ***Mouse:*** This training includes many hands-on exercises. If you are not familiar with your laptop's touchpad, it is strongly recommended that you bring a mouse to the training so that you can work efficiently on the hands-on exercises.
3. ***TextPad:*** Navigate to <http://www.textpad.com/download/index.html#downloads>. Download and install either TextPad 7 or TextPad 6.
4. ***MS Excel 2007 or 2010:*** MS Excel will be used frequently to prepare IWFM input data files and to analyze the results. Please have Excel 2007 or Excel 2010 installed on your laptop.
5. ***IWFM Tools Add-in for Excel 2007-2010:*** Navigate to http://baydeltaoffice.water.ca.gov/modeling/hydrology/IWFM/SupportTools/index_SupportTools.cfm. Download and install either 32-bit or 64-bit version of IWFM Tools Add-in for Excel, depending on the version of Excel you have installed on your laptop:
 - If you have *Excel 2007*, install the *32-bit* version of IWFM Tools Add-in for Excel
 - If you have *Excel 2010*:
 - i. Start Excel 2010
 - ii. Click *File* → *Help*
 - iii. On the right side, you will see information about the version of Excel you have installed on your laptop
 - iv. Based on the version of your Excel 2010, install either 32-bit or 64-bit version of IWFM Tools Add-in for Excel
 - After the installation, start Excel and make sure that *IWFM Tools* tab appears at the top
6. ***Workshop materials:*** Navigate to https://msb.water.ca.gov/iwfm/-/document_library/view/206406. Download and unzip the "*IWFMv4.0_2014_Workshop.zip*" file on your laptop. The workshop materials include:
 - Workshop presentations in slide and hand-out formats

- Complete and incomplete versions of the hands-on exercises (we will be working on the incomplete versions of the exercises during the workshop)
- Guidelines for the workshop examples
- Workshop schedule

7. ***Guidelines for the workshop examples:*** Please print a copy of the file "*Guidelines for IWFM Workshop Examples.pdf*" that is included in the workshop materials under the "*Hands-on*" folder and bring it to the workshop.
